Odds-on.Feature Was the Mile and One-Quarter
Handicap, Which Attracted
Field of Seven.

SAN FRANCISCO, Nov. 26.—Nineteen books drew in at Oakland today, in addition to the field and combination, an increase of two, and the large crowd present kept the layers busy. Only two favorites won and they were both at odds-on. The feature was the mile and one-quarter handicap, which attracted a field of seven. Toledo, the favorite, set the pace, but quit. In the stretch Divina came with a rush and won handily from Blue Eyes with Toledo third. Summary:

First race, five furlongs, purse—The Reprobatore won, Golden Buck second, Lullaby third. Time, 1:04.
Second race, six and a half furlongs, selling—Dora I won, Mingo second, Adirondack third. Time, 1:22.
Third race, futurity course, selling—Cern Blossom won, Ara second, Morgre second. Time, 1:12.
Fourth race, mile and an eighth, handicap—Divina won, Blue Eyes second, Toledo third. Time, 1:53.
Fifth race, six furlongs, selling—Sir Preston won, Whoo! Bill second, Silent Water third. Time, 1:13.

AUTO HANDICAP RACE TODAY.

"Man Killer" 999 to Go Against Another Machine at Ogden.

SPECIAL TO THE TRIBUNE.
OGDEN, Nov. 26.—Tomorrow afternoon, at the Weber County Fair grounds, racing automobile No. 999, known as the "man-killer," will make its appearance.
Bert Fuller, the dare-devil chauffeur, will go against the world's record for a half-mile track. The present record is 1:24.4, and Fuller has already driven the big machine around the Ogden track in 1:21, and that before it had been thoroughly repaired. The machine has been thoroughly overhauled and repaired.
Fuller expects the machine to give a good account of itself. A new record has been arranged. Ralph Grange, the expert chauffeur of Ogden, will drive a Ford machine against the "man-killer" race of two miles. The "man-killer" will make four circuits of the track to Grange's three. The race is best two in three heats.

SAID TO BE PROFESSIONALISM.

Formal Charges Made Against Football Player.
CHICAGO, Nov. 26.—Formal charges of professionalism were made today by Prof. H. J. Barton of the University of Illinois against Hugo Bezdek, the star football player of the University of Chicago football team. Bezdek is charged with being a prize-fighter and with having accepted money for playing football. The charges are made in a document which states that "Young Hugo" received \$125.00 as his share of the prize. Additional charges of a similar character are made in the document. According to conference rules, Bezdek is eligible for two more years in college athletics at the University of Chicago.

BRILLIANT PLAY
ON GRIDIRONWest Point Victor Over
Annapolis.Score Does Not Indicate
Relative Strength of the
Two Elevens.Two Teams Were More Evenly
Matched Than Ever Before
in Their Contests.

PHILADELPHIA, Nov. 26.—West Point defeated the Annapolis football eleven, 11 to 0—two touchdowns and one goal. The score does not properly indicate the relative strength of the two elevens, for probably not in the history of the great university game have two teams been more evenly matched.

The first touchdown for the Army was the result of a fumble by one of the Navy backs, but the brilliancy with which Tip-ton, the Army center, took advantage of the error has never been excelled. It equaled on a football gridiron. The game had been in progress less than ten minutes before the Navy showed unexpected strength in defense, while the Army's much-vaunted offense had crumbled to naught.

With the ball in midfield, Smith, for the Navy, was hurried back for a loss. Spencer also failed and Howard kicked to the Army's thirty-five-yard line. West Point fouled the Navy line at Gibraltar and Tony kicked to midfield. There were three Annapolis men under the punt, but when all had been thrown the ball rolled off to one side of the field. The Navy's goal, pursued by half a dozen Navy men, had no time to stoop and secure the sphere, but, rushing on, he again dribbled the ball into the Navy's goal. The ball was driven nearer the Navy's goal.

When within fifteen yards of the coveted line, Tip-ton knew that a touchdown for the Army was inevitable. As he drew near to the goal he began to loosen his burdensome headgear and posguard, that he might be enabled to locate the ball with more accuracy. A third kick and the plegkin was behind the Navy's goal, Tip-ton lying upon it.

Such deliberation and rare judgment in a moment so trying was truly remarkable. It was probably the turning point for victory for West Point. Up to this time the Annapolis boys had really outplayed their heavier opponents and on the exchange of punts aided by a stiff wind, had gradually forced West Point nearer their own goal. This touchdown gave West Point the advantage of the wind and was doubtless mainly responsible for the victory of the army over the navy. The missed goal, and the score stood 6 to 0 in favor of the army.

Probably never in the memory of the oldest football institutions has a better defense been witnessed than that put up by the navy during the next twenty minutes of play. On an exchange of punts the army secured the ball on the fifty-yard line. From this point it required twenty-two minutes for the army to force the ball to the navy's goal, and this with a gift of five yards for off line. It was necessary to measure the line several times to determine which side had the ball.

A few minutes before the close of the game, the navy, by brilliant bucking, carried the ball from their own thirty-eight-yard line to within twenty yards of West Point's goal, where it was lost on downs. In this half the advantage if the navy was any longer to have, but the attendance was 30,000 and society was present in force. Among the notable spectators were Prince Fushimi of Japan, Vice-President-elect and Mrs. Fairbanks, Secretary of the Navy, Morton, Acting Secretary of War, Charles D. Smith, British Ambassador, and Mrs. Durand, and many army and navy men and diplomats. The line-up:

West Point. Hammond 10. Annapolis 10.
Tipton 10. Howard 10.
Erwin 10. Goss 10.
Tipton 10. McClinton 10.
Seagraves 10. Piers 10.
Metter 10. Grady, Piers 10.

LEAGUE TEAM FOR OGDEN.

May Have Club in Pacific National Next Season.

SPECIAL TO THE TRIBUNE.
OGDEN, Nov. 26.—"Shall Ogden enter the Pacific National Baseball league for the season of 1907?" is the question discussed by local fans. The Boise franchise has been offered to Ogden, but the question now arises, can the backers of the team make any money if they take it? So far nothing definite has been done and won't be done until after the holidays.

A meeting will be held shortly after New Year, when the local manager will be thoroughly discussed and a decision arrived at. It looks now as if Ogden would enter the league, as there are a number of influential baseball enthusiasts who express their willingness to back the team. They are the best obtainable and it is safe to say that if Ogden goes into the league she will have a winning team. Only one name is spoken of for manager, and that is J. F. Giffin.

CARLISLE BRAVES

When Libbey, for Carlisle,
Kicked the Ball.

ST. LOUIS, Mo., Nov. 26.—After three and a half minutes play, during which the Haskell Indians fairly ran the Carlisle Braves off their feet, and P. Hauser, Haskell's right end, kicked a field goal from the 18-yard line, the vaunted speed of the Western Indians spent itself against the brawn and muscle of the Eastern redmen, and the latter's heavy plunging backs tore through Haskell's line almost at will, folded the opposing line back upon itself when Haskell had the ball, and piled up a score of 28 to 4 before the end of the second half.

With ideal football weather and many strong supporters of the two governing Indian schools in the city, besides the interest aroused in the contest by non-partisan lovers of the sport contributing to the success of the game, there were more than 12,000 persons in the World's fair stadium when Libbey kicked off. After the spectacular dash of the Haskell team the Carlisle gridiron warriors recovered their true form and plunged through the Haskell line, and in every other yard was completely outplayed the Westerners.

The only time in the second half that Haskell forced Carlisle to punt was when the Westerners made a magnificent play of their goal line after H. Pierce had made it a first down on the Haskell 4-yard line. Dillon gained a yard and a recovered fumble advanced the ball to within six inches of the Haskell goal where the ball again rested after Dillon had been sent smashing against Haskell's right guard. It was Haskell's ball, and E. Hansen punted out of immediate danger. The line-up: Position. —Haskell

WINTER ECZEMA

Gentlemen—I suffered with Eczema on the hands and face for over a year. It was not only annoying and painful, but very unsightly, and I disliked to go out in the streets. I tried at least a dozen soaps and salves, which did me absolutely no good, and became very much discouraged, until I read in the papers of the cures performed through the use of S. S. S., and determined to give it a month's trial at least. I am pleased to state that I soon noticed a slight improvement, sufficient to decide me to keep it up. After the use of six bottles my skin was as soft and smooth as an infant's. This was a year ago, and I have never had any trouble since. Miss GENEVA BRIGGS.
216 S. Seventh Street, Minneapolis, Minn.

I tried doctor's medicines, salves, washes and all kinds of local applications, treating Eczema of long standing, but with only temporary relief. The itching and burning from Eczema was more than I can describe. Many nights I was unable to sleep on account of the awful itching. Seeing S. S. S. advertised I began its use, and after taking it for some time the dry eczematous eruptions disappeared and I was entirely relieved of this awful itching and burning. It is a boon to Eczema sufferers and I can conscientiously recommend it to them, believing confidently that a permanent cure will be effected in all such cases where it is taken according to directions. Urbana, Ohio. R. F. D. No. 1. C. OTTO.

All skin diseases have their seasons; some are active in the summer, while others lie dormant until cold weather, when the first breath of winter brings them to life and they remain to torment us until spring. Through the long hot months Winter Eczema sleeps in the system, and when cold weather begins it breaks out. The head, hands and feet are the parts usually attacked, but other parts of the body may be affected by this "fresh fire." The skin becomes feverish, hard and dry, cracks open and often bleeds, and the itching is terrible. While the trouble shows on the skin the cause is far deeper. This eruption is but nature's way of telling that the fountain of all health—the blood—is diseased and must have relief. It is filled with uric acid and other poisons which are forced through the pores, causing the natural oils, which should keep the skin soft and pliable, to dry up. These acids are constantly forming in the system to be absorbed by the blood, and thus the trouble is kept up. The treatment of this disease with local applications, such as washes, salves, powders, etc., is useless in effecting a cure, because they cannot get to the seat or beginning of the trouble. The best they can do is to give the patient relief for a little while. The blood must be cleansed of all acids and poisons and the system toned and built up before a cure can be had. S. S. S. cures by going into the blood, searching out all foreign matter, and making it strong and healthy again. S. S. S. is a purely vegetable remedy, and therefore cures this disease safely as well as surely, and from a condition of torture the patient is brought to one of healthful pleasure. Book on Skin Diseases mailed free, and our physicians will give advice, without charge, to all sufferers.

After 45 years' study of Nature and her laws along special lines, my superior advantages and ability go without saying, and I unhesitatingly declare, and my unparalleled record as a successful specialist in private diseases of men backs up my claim, that more men have been cured by me of VARICOCELE, HYDROCELE, NERVO-SEXUAL DEBILITY, BLOOD POISON and REFLEX DISORDERS within the last 35 years than by any specialists in the United States combined. This fact is self-evident and indisputable, and, with my rates most reasonable, and treatment more successful, you do wrong experiment with concerns whose methods are being frequently changed, and whose doctors are the scrappings together of transient and defunct concerns.
Courtesy demands that we mention no names in a newspaper, but if you come to my office, I can furnish some valuable information with the proofs so conclusive that you will not regard them as selfish arguments.
NERVO-SEXUAL DEBILITY CURED.

The Prevalence of Bright's Disease.
"Dr. Loomis states from clinical observations and from a large number of autopsies at Bellevue Hospital, that 90 per cent of men and women, over 40 suffer from some form of Bright's Disease."—Denver Medical Times.
This profoundly serious statement, from one of the highest authorities in the United States, means that the average person's kidneys do not work right, and that what is commonly called Kidney Trouble is Bright's Disease, and is more common than people have any idea of.
And the census bears out Loomis' distressing conclusions, for it shows that the deaths from Bright's Disease are simply appalling. Increasing from 23,339 in 1890 to 28,748 in 1900.
The admission of a Kidney trouble is a common salutation. Mild at first, the patient is seldom frightened till it has thoroughly fastened. The realization that it is Bright's Disease comes slowly, by, as the later symptoms develop, and the usual treatment being futile, death results.
Fulton's Renal Compound is the only cure known for Bright's Disease. You owe it to yourself and to your family to not let that apparently mild Kidney trouble run a day longer without attacking it.
F. J. Hill Drug Co. is the local agent. The suspicious symptoms are weakness or loss of weight; puffiness of hands; Kidney trouble that has lasted longer than three months; urine may show sediment; falling vision, drowsiness. One or more of these.
